Turin, 20th July 2026

Subject: **Packaging Compliance Declaration**

REER S.p.A. has performed a documentary assessment of the packaging materials used for the packaging of its products, based on the information provided by its packaging suppliers.

According to the supplier declarations and supporting documentation available at the date of issue of this declaration, the packaging materials currently used by REER have been evaluated with respect to the applicable requirements relating to:

- Regulation (EU) 2025/40 (Packaging and Packaging Waste Regulation – PPWR)
- Directive 94/62/EC on Packaging and Packaging Waste, where applicable
- REACH Regulation (EC) No. 1907/2006
- EN 13428 and related packaging standards, where applicable
- Heavy Metals requirements (Art. 5 PPWR)
- MOAH/MOSH declarations, where applicable
- Recyclability and material identification, where applicable

The assessment is based on supplier declarations and supporting technical documentation maintained within REER's packaging compliance records.

The results of this assessment are summarized in the attached REER Packaging Compliance Assessment Matrix, which forms an integral part of this declaration.

This declaration reflects, to the best of REER's knowledge, the documentary evidence available at the date of issue and will be reviewed whenever significant changes occur in packaging materials, suppliers or applicable regulatory requirements.

This declaration is issued for information purposes in support of customer compliance requirements.

HSE Manager
