Machines and technologies for footwear, leather goods and tanning

List of machines for the footwear industry using light curtains, magnetic switches and the safety controller..

Type of Machinery	Image	Safety on board
Heel seat pounding machine – systems for cementing and coupling		Automation light curtains - Safety light curtains - Stop Button
Drums - tingitrici		Stop Button - Magnetic switches
Clicking Presses		Magnetic switches - Safety Light curtains - Stop button
Moulding machine - Crimping and moulding machine		Safety Light curtains - Automation light curtains - Stop button
Cutting plants CAD / CAM		Fotocels

Flat cutting island

Safety Light curtains

Glue for soles

Stop button - Safety Light curtains

Heel seat and side lasters

Safety Light curtains - Stop button

Press

Stop button - Safety Light curtains -
Magnetic switches

Skiving machines and Splitting machines

Stop button - Magnetic switches

Injection Moulding Machines for the footwear Branch

Stop button - Safety Light curtains -
Tappeti di sicurezza

Robot stations

Safety Light curtains - Magnetic switches

Pad printing - Varnishing

Automation light curtains - Safety
Light curtains - Stop button

Your future's safe!

More than 60 years of quality and innovation

Founded in Turin (Italy) in 1959, ReeR distinguished itself for its strong commitment to innovation and technology.

A steady growth throughout the years allowed ReeR to become a point of reference in the safety automation industry at a worldwide level.

The Safety Division is in fact today a world leader in the development and manufacturing of safety optoelectronic sensors and controllers.

ReeR is ISO 9001, ISO 14001 and ISO 45001 certified.
